A new space for MCS

Lars Froehlich posted on Aug 18, 2016

Hi everyone, as I'm taking my first steps with Confluence, I have created a space for the MCS crowd. Maybe we could use this as the point for gathering MCS related information, instead of the various DOOCS/TINE/XFEL wikis out there? Or maybe we find it is not so useful after all. Time will tell. Cheers, Lars
