Becoming a Belle II Member and Getting Access to the Belle II Collaborative Services and Tools

In order to make use of the **Belle II collaborative services (B2CS)**, users must become Belle II members in the Belle II Membership Management System (**B2MMS**). The **request for membership includes requesting login credentials** from DESY. The credentials (account name / password) are good for **all** Belle II services and tools at **DESY** but are **independent** of a **KEK** account. Please refer to the [Belle II Newcomers](#). Also see [Belle II Registration Frequently Asked Questions \(FAQ\)](#) for trouble shooting.

Belle II maintains a set of [Communication Tools](#). They are accessible with the DESY login credentials.

In order to gain access to the **DESY analysis facility (NAF)** consider [Belle II Requesting Additional Resource Access \(login\)](#).

Collaborative Services

We list here a selection of [Belle II Collaborative Services \(B2CS\)](#) and their URLs for easy access. Please **do not ignore** the documentation. All services require a **login** with the **DESY credentials (accountname/password)**, not email address. Also note [Belle II Support Contacts](#).
