

Projects

To find out which firmware is on your PiLC use the "PiLC status website"

<http://haspilcstat.desy.de/>

Choose your PiLC and connect.

FPGA	IO Cards	IO Board	Display	Mainboard
------	----------	----------	---------	-----------

FPGA Infos				
ID	Hardware Version	Software Version	Projekt Nummer	Projekt Version
0xec	10	10	1002	3

Hardware Version = 10 PiLC Serie 1

Hardware Version = 11 PiLC Serie 2

Projekt Nummer is the unique number of the Firmware

Projekt Version is the version of the Firmware
