

# Managing data taken after April 2015

## Filesystem

Here you can browse data from your experiments. This view is obtained by click on the editing Symbol next to dataset, column 'Files' from 'Browse Data' view.

Location: /asap3/petra3/gpfs/support/GammaPortalTest/source/petra3/gpfs/p11/2015/data/11000362

Last Update: 04.05.2016:11.48.42

Dir	Name	Size in MB
	processed	0.0000
	raw	110.2439
	shared	0.0000
		110.2439

1 - 3 of 3

**Recommendation**  
Use the FTP service for downloads. To select the beamtime you want do access, use Menu [FTP Registration](#).

## Users ACLs

This view is obtained by click on the editing Symbol next to dataset, column 'Users ACLs' from 'Browse Data' view.

Beamtime: 10000472      Period: from 12-OCT-11 to 14-OCT-11

**List Users**

<input type="checkbox"/>	User Role	Door Account	Registry Account	Person	Create Date	Change Date	Delete User
<input type="checkbox"/>	applicant <b>set role</b>	hmustermann	mustermannh	Hans Mustermann	09-FEB-2016 ...	31-JAN-2019 1 ...	
<input checked="" type="checkbox"/>	leader	testperson	testperson	Test Person	15-NOV-2018 ...	25-FEB-2019 ...	

1 rows selected      Total 2

**Note**  
To change a role please double-click on the box with the role.

**Help**  
Rights on filesystem:  
**leader** and **applicant**: 'read/write/delete' for all data,  
**participant**: 'read only' to raw directory and 'read/write/delete' for all other data,  
**collaborator**: 'read only' to all data.

**Add user to experiment for data access**

Search user

Door account:     Desy account:     Pipid:

**Add Person for access**  
(visible depending on user role)

Depending on the User's role, one see who else has Access to the dataset, who is in Charge of the dataset or one can add/remove users from the list .

## Participant and collaborator

- you will not see the 'Add User' field nor the field / button 'Delete User'. You can not even select roles.

## Applicant

- can add user
- can someone promote to the applicant
- can not downgrade this (or edit)
- can not make someone a leader

## Leader

- can change and delete all roles except 'Leader'.

## Admin

- can change and delete all roles.
